## The Pastor's Corner

Here we are at December again...the time when we celebrate the birth of Jesus Christ! Let us celebrate the coming of the Christ child. Let us sing for joy that we may live in hope as children of God.

There are many ways to celebrate the story of the birth of Jesus Christ. We can attend church and sing for joy. We can share with others that have too little. We can read a story to our children and grandchildren...a story about a child born in a stable.

One of my favorite ways to celebrate is to share stories...those that offer hope and make us understand what is really important in this life. Here is an example of one of those:

### The Mayonnaise Jar and 2 Cups of Coffee

*When things in your life seem almost too much to handle, when 24 hours in a day are not enough, remember the mayonnaise jar and the 2 cups of coffee.*

A professor stood before his philosophy class and had some items in front of him. When the class began, he wordlessly picked up a very large and empty mayonnaise jar and proceeded to fill it with golf balls. He then asked the students if the jar was full. They agreed that it was.

The professor then picked up a box of pebbles and poured them into the jar. He shook the jar lightly. The pebbles rolled into the open areas between the golf balls. He then asked his students again if the jar was full. They agreed it was.

The professor next picked up a box of sand and poured it into the jar. Of course, the sand filled up everything else. He asked once more if the jar was full. The students responded with a unanimous "yes."

The professor then produced two cups of coffee from under the table and poured the entire contents into the jar effectively filling the empty space between the sand. The students laughed.

"Now," said the professor as the laughter subsided, "I want you to recognize that this jar represents your life. The golf balls are the important things — your faith, your family, your children, your health, your friends, and your favorite

*Pastor's corner continued.*

passions — and if everything else was lost and only they remained, your life would still be full.

The pebbles are the other things that matter like your job, your house, and your car. The sand is everything else — the small stuff. “If you put the sand into your jar first,” he continued, “there is no room for the pebbles or the golf balls. The same goes for life. If you spend all your time and energy on the small stuff you will never have room for the things that are important to you.

“Pay attention to the things that are critical to your happiness. Attend worship. Play with your children. Take time to get medical checkups. Take your spouse to dinner. Go fishing. There will always be time to clean the house and fix the disposal. Take care of the golf balls first — the things that really matter. Set your priorities. The rest is just sand.”

One of the students raised her hand and inquired what the coffee represented.

The professor smiled. “I’m glad you asked. It just goes to show you that no matter how full your life may seem, there’s always room for a couple of cups of coffee with a friend.”

May you find the golf balls in your life.  
May you discover God’s joy and peace.  
May you have a blessed Christmas.

Grace and Peace,  
Pastor Jody

We hope every member of Grace will attend and invite others as well, particularly those who are not now a part of any church. # OUTREACH & MISSIONS UPDATES

Reaching out into our community and the world, to be the hands and feet of Christ.

- Share and Care: Our October Coat Drive was a big success! Thanks to your generosity we collected 296 coats and donated them to Share and Care! What a wonderful gift you have provided for many people who might, otherwise, not have had a warm coat this winter. Also in Share and Care news! Lamar and Donna Garner will be our new representatives at Share and Care. LaMar and Donna have been very active and faithful volunteers at Share and Care for many years.
- Bridge of Hope: Beginning the weekend of November 17 we will be collecting hats and mittens for the Bridge of Hope, December 15, Christmas party. We will also have a "Post it note board" in the narthex during the month of December. This will give us an opportunity to pick up needed house hold items to be given at the Christmas party.
- Lutheran Homes Society: On November 16 & 17 Pastor James Dumke, from Lutheran Homes Society was here and gave a wonderful message which inspired us to continue our mission work. We also put the focus on children through a video called Prayer of the Children. Representatives from the Village House gave Mission Moments at each service and there was an offering taken, at the doors, to help support their work.
- Liberty Center: is currently housing a mom & dad with 3 children, mom & dad with 5 children, mom and 5 children, mom and child, mom and child, 3 single men, 1 single woman. The center is in need of coffee creamer, size 2 diapers, and volunteers! With the holidays coming, homemade cookies would be appreciated along with summer sausage and cheese trays, and as always, keep them in your prayers.

Crafting for a Cause will meet on Saturday, Dec. 14 from 9 a.m. to 2 p.m. in the dining room. A freewill donation will be collected for the use of your space to benefit My Brother's Keeper. This event is open to crafters of all ages and abilities. For more information contact Cheryl Paeth by email at [cheryl.a.paeth@gmail.com](mailto:cheryl.a.paeth@gmail.com) or by phone at 402-850-1581.

**A Note From Thrivent Financial for Lutherans:**

We are excited and proud to share that members responded so enthusiastically to the Thrivent Choice Double Direction Church Campaign that we have reached the \$15 million cap. The campaign is now over.

A big “thank you” to all who helped to promote this one-time campaign or directed Choice Dollars yourself! We relied almost completely on congregations and the Lutheran community to spread the word, so we really didn’t know what kind of response to expect. Thanks for helping with this learning experience and thanks for helping churches nationwide in a big way!

As a reminder, if Choice Dollars were directed to your church during the campaign, then by Dec. 20, 2013, an additional electronic deposit will be made to your church’s bank account. This one-time deposit will represent the additional amount Thrivent Financial is distributing through the Double Direction Church Campaign.

If you have any questions, please email us or contact a Member Care Representative at 800-847-4836, and when prompted, say, “Thrivent Choice.”

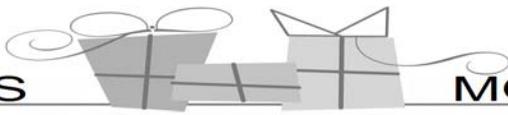

Participation in Thrivent Choice is subject to the terms and conditions for Organizations Receiving Choice Dollars Grant Funds.

**A Note From the Endowment Board:**

The Pension Protection Act of 2006 first allowed taxpayers age 70 1/2 or older to exclude from gross income otherwise taxable distributions from their IRA (“qualified charitable distributions,” or QCDs), up to \$100,000, that were paid directly to a qualified charity. These gifts were also known as “Charitable IRA rollovers.” The law was originally scheduled to expire in 2007, but was extended through 2013 by subsequent legislation.

**How QCDs Work for 2013**

You must be 70 1/2 or older in order to make QCDs. You direct your IRA trustee to make a distribution from your IRA (other than SEP and Simple IRAs) to a qualified charity. The distribution must be one that would otherwise be taxable to you. You can exclude up to \$100,000 of QCDs from your gross income in 2013. If you file a joint return, your spouse can exclude an additional of QCDs in 2013. Note: You don’t get to deduct QCDs as a charitable contribution on your federal income tax return - that would be double-dipping. QCDs count toward satisfying any required minimum distributions (RMDs) that you would otherwise have to receive from your IRA, just as if you had received an actual distribution from the plan. However, distributions that you actually receive from your IRA (including RMDs) that you subsequently transfer to a charity cannot qualify as QCDs.

# Thank You's

To all responsible for the great brunch on October 20, 2013, a great big thank you. It was so nice for all to sit down and enjoy a lovely meal and a good visit.

Sincerely,  
Mary E. Coleman

Dear Brothers and Sisters in Christ,  
Your love of our Lord has shown forth and raised up high to our almighty Father, through your prayers, cards and love. Thank you to the Soup and Prayer Shawl Ministries and to Linda Swartz for bringing the delicious soup and the rainbow colored shawl. Both brought me comfort. Thank you to Pastor Jody for visiting me everyday and praying with me. Maureen your presence and prayers were also raining down on me. God is our Almighty God. He lives and is alive in our faithfulness. My deep thanks to all.

Yours in Christ's love,  
Sandy Houghtaling

I would like to thank Pastor Jody for her visit and prayer and to all for your prayers and cards. These helped to remind me that you were all thinking of me.

Thanks again,  
Dale Shimer

How wonderful it is to know that so many people were praying for our son, Steve, who lives in Hilliard, Ohio, as he struggled with cancer and chemo treatments during the last four months. The good news is God heard these prayers and eliminated the cancer from Steve. Or thanks to Pastor Jody, Maureen, and Pastor Jim and his wife Linda for helping us through this difficult time. Thanks to all our church friends for your cards, thoughts, concerns, and prayers.

Thanks be to God,  
Sharon and Dick Zilles

We would like to thank Pastor Jody for the nice visit, and the beautiful gold cross that we received for our 50th wedding anniversary. A sincere thank you to Pastor Jody and Grace Lutheran Church.

Bless you all,  
Bud & Dianne (Ann) Laird

Noah's Ark has boarded two more passengers for the school year. We are having a wonderfully blessed year so far with 24 students. Our unit on "Family" ended, and we started on the "Alphabet" unit. The letter "C" saw us building a castle out of cardboard! For the letter "D", a dragon topped the castle to protect the brave knights and princesses who play inside. As we continue into fall, we will be working on lessons about making messes and cleaning up!

In October, we had our Fall Program and Trick-or-Treated. Parents joined us for a few songs and the children showed off their costumes for some treats. We even visited the offices and saw Pr. Jody, Linda, Tricia, Maureen, and Ms. Stacey.

We would like to thank Dr. and Mrs. Farrell for the new desk and other office supplies that we are already putting to good use. Who would have thought that the preschoolers would have so much fun on an old electric typewriter? Thank you, also, to Cal Bristley for the file cabinets and shelves. It will help our office space become more organized. We love being able to recycle and update our office at the same time.

Noah's Ark Preschool enrolls year-round, so when your child is ready, we are here! Email Tricia McElfresh at [noahs\\_ark\\_fremont@yahoo.com](mailto:noahs_ark_fremont@yahoo.com) or Call 419-332-1558 for more information!

## **TANYA'S STORY by Tanya Schardt, War Veteran**

Recently at the Community Veterans Day service, Tanya Schardt, a member of Grace Lutheran Church, shared her story as a war Veteran. She is a wounded Army veteran of the war in Iraq. Tanya has paid and continues to pay a very heavy price for her service to our country, and we all owe her a great debt of gratitude.

**Tanya shared:** "I always wanted to be in the military. My grandfather served in World War II, and he was very proud to be an American and to defend America. He instilled those same values in his children and grandchildren, from the time we were little. My mom thought that no one would follow in my grandpa's footsteps, because she had all girls. But I was not going to let that stop me. So I joined the army reserve while I was just one credit short of graduation from college, and in not even a month, I went into active duty.

In the 11 and a half years I was in the army, I was stationed all over the place – in South Carolina, Maryland, Texas, Germany, California, Louisiana, and Georgia. And I did rotations in Kuwait, Egypt, Qatar and Iraq.

My MOS or Military Occupation Specialty is armaments – I worked with all different kinds of weapon systems, everything from 9mm guns to artillery, tanks, you name it. The only thing I didn't work on was Helicopter firing systems.

Being in the Army meant everything to me. I loved it, even though the hours were long, and it wasn't easy. But it was worth it knowing that I was doing this, so others back home would not have to.

I was in Iraq on three tours, one with 3ID, with 1AD, and last with 1<sup>st</sup> Calvary Division. I went into Iraq the first time during the invasion when Saddam was killing his people. When I got there, I really didn't know what to expect. It was hard, especially when we had to write a good bye letter the chaplain would hold as the last letter to our family, in case we didn't come back.

It was a very different culture, and none of us had been in combat before. Our training didn't prepare us for things like encountering starving people, and children being used as combatants.

During my first tour of 18 months I went all over Iraq – and I was there for the invasion, the finding and trying of Saddam, the first election and so on. There was much good that happened, although it was not reported on the news. But it was also an experience that changed me. I became very hardened by the violence and the suffering and the losses.

I brought my camera and took pictures thinking that I would not ever be coming back. However, once I got back I had a Permanent Change of Duty Station – transferring into a unit that was already scheduled to go to Iraq – and so back I went. This time, I knew what to expect and because of my experience, I could help others who were

there for the first time. After 15 months, I came home a second time. But I was once again PCS'd to a new unit – that went right back in again.

About a year into my third tour, we were just getting ready to pack things up. We were in a Humvee, coming off a mission. As usual, I was the only woman. But I was always considered just one of the guys – I had proved myself, so they knew they could trust me even on two man teams.

There were five people in the Humvee, four soldiers and an interpreter. I had just switched seats so I could be gunner. All of sudden we saw a pickup truck backing towards us and there was a huge explosion. I had to be told later what happened after that. It turned out that the interpreter and the person I switched places with died of their wounds.

I woke up at the combat army surgical hospital in Bagdad. They got me where I could survive the flight to Germany – and I was there until I was stable enough to be transported back to Brook Army Medical Center in San Antonio, about two weeks after the incident.

I was in and out of the hospital for 2 years. I needed many surgeries. I kept taking a turn for the worse. I really had my chaplain scared, because I died on the table four times. Two other times I went into cardiac arrest because of an allergic reaction to medicine.

It was really hard, and I had a real crisis of faith. I was going through all these surgeries and I was on 30 medications – and I got to the point where I just didn't care if I lived or died. And it was just so hard when you see so many people getting killed. You ask these questions "why." I was older than many privates who didn't make it back alive. I had already lived a life more than they had. God is supposed to be all powerful – but yet He's letting this evil happen – where the evil person gets away while this other person dies.

The chaplain came in to see me one day and I told him to stop lying to me and get the heck out of my room. I didn't trust him and I thought he was just a scam artist. But then I went into a deep coma for several days. When I woke up – I was calling for the chaplain to come back.

For while I was out, I saw a place of bloody walls and I saw the light. It was very scary and cold. The chaplain said God is trying to tell you to change the way you're going. I said, maybe you're right.

When I got out of the hospital, I was struggling a lot. Then I retired in February of 2010 and moved back to Ohio. My aunt invited me to Grace Lutheran here in Fremont and I talked with Maureen Pump – and I told her I thought I was doomed to hell because I had broken the commandments. But she told me I wasn't – and showed me scripture that God forgives. And now my faith has returned.

*(Tanya's story continued.)*

I still struggle with my traumatic brain injury, along with other medical problems on a daily basis. And my doctors tell me I'm not going to live to old age.

But I just tell myself that God is not done with me yet. He came so close to taking me so many times. But I still have some purpose He wants me to fulfill. And I have changed my whole outlook on life.

Although my doctors said I couldn't do it, I'm now going to school, taking German, geography and history. My teachers are helping me. And I've been able to share my experiences, which has changed other student's lives. Our society is so much about material things – but life is really about the little things that God gives us – that we too often take for granted.

We are only here for a blink of the eye, and when God blinks his eye, you're gone. So life is about making a difference, as corny as that may sound. And now some of my friends who turned away from God – saw how far I had fallen and come back, and so now they have come back too.”
